### Others Present:

1. Call to Order – We called the meeting to order at 8am.
2. Items from citizens present – There were no items from citizens present.
3. Discuss committee responses from last subcommittee meeting ideas: We briefly discussed the changes that were made to how ideas will be prioritized and Shannon shared with the group the revised list of ideas sorted from highest priority to lowest priority.
4. Discuss prioritization methods: We discussed how livability, vibrant downtown, and sustainable economy factor into the prioritization of ideas since these were the priorities of the iMesa Committee. We reviewed some of the highest prioritized ideas and decided that it would work well to divide the iMesa Committee into a couple of groups in the forthcoming meeting to come up with a game plan for two areas of interest. One area is the need to fix the blight characterized by the area surrounding the intersection of Alma School Rd and Southern Ave. The other area of prioritization is developing the downtown area into something active and vibrant.
5. Schedule next Ideas to Action Subcommittee meeting: We have not yet scheduled the next Ideas to Action Subcommittee meeting.
6. Adjourn: We adjourned the meeting at 9:30am.
